- Review Updates and Additions to the TSI TWG Catalog including Rankings
- Review Updates to the Regional Greenhouse Gas Emissions Inventory and Forecast Report
- Review Next Steps for Review of Updated Catalog, and Subsequent Balloting of Options for the TSI TWG

# Review of Meeting Summary #2

- Review Draft Document
- Identify Corrections and Additions
- Approve Summary
- Corrections/Additions can also be submitted via e-mail

# Stepwise Planning Process

1. Get organized
2. Review and refine inventory & forecast of emissions
3. Identify a full range of possible actions
4. Identify draft initial priorities for analysis
5. Develop straw policy design proposals
6. Quantify initial GHG reductions and costs/savings
7. Fully develop policy option templates
8. Develop alternatives to address barriers as needed
9. Aggregate and integrate results
10. Finalize and report recommendations

# Review Process to Identify Draft Initial Priorities for Analysis

1. TSI TWG provides recommendations for draft initial priority options for further analysis and development to the PSC through straw balloting
2. Draft Initial Priority Options may be recommended as ‘bundled’ or consolidated options that include multiple elements (or sub options) provided that they can be analyzed with available time and resources

# Additions of Rankings to the TSI Catalog

- For each sub-option, a High, Medium or Low Rating in the Potential GHG Reductions and Costs Columns is provided
- Additional notional rankings are provided for other decision criteria
- A new column denoting the current status of options to ongoing policy processes or studies has been added
- Recommended Proposed Option Consolidations (“Bundling”) is provided in Column Two to streamline
- Notes have been added to expand as needed
- Refer to catalog for review and discussion

# Review Updates and Additions to the TSI Catalog of Potential State Actions

- See revised TSI TWG Catalog and Policy Descriptions documents posted on the website at <http://cedp.scag.ca.gov/Transportation.cfm>
- Review PSC additions to TSI Catalog
- Review addition of rankings to the TSI Catalog

# Review Next Steps for Balloting of Options for the TSI TWG

- The updated catalogs will be presented for further review and discussion at the next TWG call.
- Following that call, each TWG member will receive a ballot via e-mail.
- Each member may cast 10 votes, with no more than one vote per sub-option. Return ballot to CCS.
- CCS will compile results and distribute to the TWG for review and discussion on the TWG call that follows.
- Priority options for analysis may include bundled options that combine several individual options from the catalog.
- Further consolidation or splitting is possible based on subsequent TWG review if/as needed.

# Review Updates to the Regional Greenhouse Gas Emissions Inventory and Forecast Report

1. Summary of Comments Received are Provided on the project website
2. Deadline for Submitting Comments is Nov. 19<sup>th</sup>, 2010
3. Revisions to Address Comments are Expected to be Completed Before or During the Week of Dec. 6, 2010
